## I. Your overall feeling after your semester abroad

*[Help : How was your experience abroad? If you could go back I time, would you go to this university and why ?] It was one of the best human and discovering experiences of my life, however the University I don't really recommend because of its complicated and sometimes really weird grading and exam system.*

**GRADE : [a grade between 0 and 5]**

*=> 0 (I do not recommend this semester abroad to my best friend) - 5 (I totally recommend this semester to my best friend)*

## II. Before the travel

### A. Preparation

#### 1. Visa

*[Help : Do I need a visa ? If yes, what is the process ?]*

*No, you don't need if your a citizen of the EU zone otherwise you can live there with your french residence permit like i did.*

#### 2. The flight

*[Help : what flight did you take (the company name, airport etc.) and when did you take your flight ticket]*

*Ryanair from Marseille to go then a bus with Flixbus to go back to France*

#### 3. My luggage

*[Help : what to not forget in the luggage (what was useful and what you would like to have taken)]*

*Winter clothes and jackets cause at the beginning it was really cold but then it was ok. But basically essential everyday life stuff*

#### 4. Bank account

*[Help : did you have to change bank? To respect some amount requirement on the bank account etc.]*

*I used Boursobank and a lot of people were using revolut*

#### 5. Insurance

*[Help : What insurance did you subscribe to ?]*

*None*

## B. Housing

### 1. Where to live

*[Help : Do a google maps capture and circle the area you recommend to live in (and the one you do not recommend) ]*

I lived in the 7th district 10 mins walk from the university and basically really close to everything. You also 24/24h tramway working (the 4/6)

### 2. Find a flat or a room

*[Help : How did you find your flat? Do you have any recommendation]*

*In the housing section of the university website you can find all their partners. I took mine through a downtown apartment and the booking process took me 10 min.*

### 3. Cost

*[Help : How much should I plan for a room or a flat?]*

350/400 euros

## III. When I arrive at the university

### A. Inscription at the university

*[Help : How was the process, what did you have to do?]*

Really weird and you need to send a lot of email and stuff to get all your passwords; but basically you register to courses through neptun and there is gonna be a lot of issues like not enough space to register for a course or something but everything will get fixed at the end and you have moodle to check the materials

## B. Information on the university

### 1. Class

*[Help : for each class tell us how was the class, what did you like and not like, would you recommend it for the next student?]*

*There was no oral participation, no communication. They just come read and interpret their slides and leave.*

### 2. Organization of the Class

*[Help : tell us the duration of the class, the volum of work, the behavior of teachers etc. ?]*

1:30h per class and the teachers basically don't care at all. There is no communication between teachers and students, it's really robotic. I missed MOMA for that cause at least it was entertaining and you can participate in the class

### 3. List of courses and recommendation

*[Help : list your different courses and let us know what do you think : level (easier, same or harder than the 1<sup>st</sup> semester course at MOMA, what you liked about the content, how is the class organization, who is the professor). Finally, for each class, tell us if you recommend the course.]* international political economy, human and business right were really

interesting and achievable. Negotiation and Persuasion if you manage to understand the slides then its achievable as well. AVOID business law and international financial management they were really hard

#### 4. Exam

*[Help : How was the exam? Format? Duration? Grade ]*

*The exam was in a center that looked like a hospital, with more than 20 cameras in the room, and a computer with their screen being recorded live. There were midterms for every course and if you don't get the result required with midterm (30mins) you have to do the final exams (50 to 70min). The grading system is a bit too different but basically according to your grade you will have a result between 0 (low) and 5 (highest)*

### IV. When I life there

#### A. Safety

*[Help : Is it safe? Is there areas or times I should avoid]*

Always safe, never had any issue (careful of drunk people, they are out everyday and they can be trouble sometimes)

#### B. Phone and Internet

*[Help : How to be able to call and have internet]*

I used my french sim card

#### C. Events

*[Help : How to know about the events?]*

Follow Erasmus Life Budapest for all the events. It was really amazing and most of their interns are also erasmus people so it's pretty fun

#### D. Sports

*[Help : What sport can I do ? and how?]*

I didn't have time for sports and exercise

#### E. Eating

*[Help : Any recommendation? Or good tips (e.g. an international house buffet)]*

Groceries in Lidl Aldi or Spar, otherwise famous Gyros you need to be there to try it specially late at night

#### F. Go to the university : bus, car, bike

*[Help : How did you get access to the bus, car or bike]*

I went to Uni by feet but you can take the bus or metro to Astoria

#### G. Travels

*[Help : What do you recommend and what do you not recommend]*

Travel as much as you can (Krakow, Vienne, Slovakia, Slovenia, Prague, Balaton, Romania, Croatia, Montenegro, Albania) there is a lot of opportunities so enjoy

#### H. Any other information you would have liked to know about

*[Help : What would I liked to know if I could have gone back in time ]*

The only thing i would have changed if i can go back in time are the courses i chose.

### V. After your semester abroad

A. What are you planning do to?

*[Help : What do you want to do next year ]*

Erasmus depression, find a job, work, study and enjoy

B. Did you apply for master?

*[Help : in which master where you accepted]*

Management and Business Development

*[remember to fill in the excel :*
