

# NW Hérault - bordure Grands Causses .

- ✓ Deux environnements de dépôts
- ✓ Stratification tabulaire
- ✓ Failles sub-verticales N170 et N060

Épaisseur (mètres)

### a) Amont

### b) Aval

### Observatoire Multi-piezomètres

# Observatoires de résistivité et déformation (3 ans)

Resistivity difference ( $\Omega.m$ ) with respect to the baseline.

# Observatoires de résistivité et hydrodynamique (3 ans)

Time (days) from 01/04/2012 to 06/07/2015

# Synthèse du suivi temporel (3 ans)

Time (days) from 01/04/2012 to 06/07/2015

Résistivité:  
Vidange  
Drainage
